REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art, either singly or in combination, fails to anticipate or render obvious, the method including the limitations of forming an electrically insulative material along the electrically conductive material of the transistor gate sidewall, the electrically insulative material comprising at least two different layers having different chemical compositions from one another; a first of the at least two layers comprising Al_pO_q , wherein p, q, x, y, and z are greater than 0 and less than 10, the second of the at least two layers consisting essentially of silicon and nitrogen, the first of the at least two layers is between the second of the at least two layers and the transistor gate sidewall and anisotropically etching the electrically insulative material to form a spacer along the transistor gate sidewall, the anisotropically etching comprising etching both of the first and second of the at least two layers, in combination with etching a contact opening through the doped oxide and through the barrier layer adjacent the spacer utilizing the spacer to align the contact opening, the etching exposing at least a portion of the spacer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
